The first animal rights laws were enacted in the Third Reich by the Prussian minister. The rationale was that most animals have more rights than most people. The goody-goodies that have tired of fighting for human rights and have taken leave of their senses should remember that Einstein was not a vegetarian, Hitler was. "The Inhumane Crusade" is a valuable book for people who still value human life above the pseudo- and quasi-rights of rats, cockroaches, and the malaria plasmodium.
