The work carried out by ICH under the Efficacy heading is concerned with the design, conduct, safety and reporting of clinical trials. It also covers novel types of medicines derived from biotechnological processes and the use of pharmacogenetics/ pharmacogenomics techniques to produce better targeted medicines.
Early Childhood Australia (ECA) has been a voice for young children since 1938. We are the peak early childhood advocacy organisation, acting in the interests of young children, their families and those in the early childhood field.
