Back to Top. Undergraduate Common Course Numbers & Descriptions. 199. Orientation to [subject/field]. 1-2 Hr. Orientation to degree programs and requirements, departmental resources, curriculum options, student responsibilities, and opportunities. This introductory course is designed for transfer students in business, information systems, and/or accounting. Topics include the accounting cycle, preparation and analysis of financial statements, internal control, depreciation, inventories, receivables, liabilities, stockholders' equity, ethical issues, and accounting as a decision-making tool. The Bachelor of Science in Nursing (BSN) curriculum has been redesigned for the April 2018 intake. The changes attend to advances in learning theory and curriculum design in nursing education. ? Is it necessary for everyone to learn science? What is science? "Science is the intellectual and practical activity encompassing the systematic study of the structure and behavior of the physical and natural world through observation and experiment."
