

Download Music Business: It's All About The Music. Right

It's All About The Music - Das deutsche Portal für elektronische Musik ! News, Releases, Events, Podcasts, Videos, Exklusives und noch vieles mehr...All You Need to Know About the Music Business by veteran music lawyer Don Passman—dubbed “the industry bible” by the Los Angeles Times—is now updated to address the biggest transformation of the music industry yet: streaming. I wish the music business was a much easier thing, but you know what? Nothing easy is worth anything. So it is what it is. There comes a time when things can work out and everybody can be happy. And that's what it's all about in the end - everybody being happy and working it out. Top entertainment attorney Don Passman talks about how the music industry will continue to evolve in the next few years for artists and shares some details about what is inside the eighth edition of his book "All You Need to Know about the Music Business."
