P&O Cruises ships sail on mostly round-trip itineraries leaving from UK (Southampton, April through October), Caribbean (from Barbados, during winter) and from Australia (Sydney, Melbourne, Brisbane - year-round departures). I have just added a new link section... Scenic Accents... to my right hand link column. These are various custom scenery sites that I came across in my numerous searches over my years in model railroading. A cruise ship is a passenger ship used for pleasure voyages when the voyage itself, the ship's amenities, and sometimes the different destinations along the way (i.e., ports of call), form part of the passengers' experience. By driving or taking the train from Fort William and then getting the ferry from Mallaig to Skye, you can take one of the most famously scenic journeys of the west Highlands: full details on the official Road to the Isles web site.
