

# Download Redesigning Continuing Education In The Health Professions

Continuing Education Credit Physicians. The University of Nebraska Medical Center, Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. RMTs are lifelong learners who continually assess and improve their practice. By participating in CMTBC's Quality Assurance program, RMTs indicate to the public that they are maintaining continuing competence, as required by BC's Health Professions Act. The Department of Health Social Work is advancing the role of social work as an agent of health care transformation. Patients and providers share how the traditional medical model puts the clinician at the center, whereas the needs of a person living with disabilities is better met by an independent living model built around them.
