Cambridge Core is the new academic platform from Cambridge University Press, replacing our previous platforms; Cambridge Journals Online (CJO), Cambridge Books Online (CBO), University Publishing Online (UPO), Cambridge Histories ...Economics (/ ? k ? ? n ? m ? k s, i? k ?-/) is the social science that studies the production, distribution, and consumption of goods and services. Economics focuses on the behaviour and interactions of economic agents and how economies work. Public economics (or economics of the public sector) is the study of government policy through the lens of economic efficiency and equity. At its most basic level, public economics provides a framework for thinking about whether or not the government should participate in economic markets and to what extent it should do so. Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.
